

KESTREL ROBOTICS, INC. — EXECUTIVE COMPENSATION SUMMARY (CONFIDENTIAL)

This summary describes compensation arrangements for the Company's three executive officers as of July 2026.

Chief Executive Officer — Thomas Beck. Base salary \$310,000; annual bonus target 40% of base. No change-of-control provisions.

Chief Technology Officer — Dr. Elena Marsh. Base salary \$295,000; annual bonus target 35% of base. Dr. Marsh's amended employment agreement dated January 9, 2024 provides that, upon a Change of Control of the Company, Dr. Marsh is entitled to a lump-sum cash payment equal to three (3) times her base salary plus full acceleration of all unvested equity awards. Dr. Marsh is the sole named inventor on the Company's core patents and leads all firmware and controls development. Her agreement contains no post-termination non-compete covenant.

Chief Operating Officer — Dana Whitfield. Base salary \$265,000; annual bonus target 30% of base. Standard severance of six (6) months.
